<b>JV Doubles-Girls</b>	<b>Varsity Doubles-Girls</b>

\*Players must report to the site supervisor upon arrival to receive court assignment.

\*Winning players must report scores to site supervisor immediately after each match. They will also confirm their next match time and court at this time as well.

\*Players must rotate sides of the court as per standard tennis rules (after games, 1,3,5,7, etc.).

\*Each match will be a pro-set (first to win 8 games). If the match gets to 7-7, the winner of the next game will win the match 8-7. This is an adjustment which has been made in an effort to conform to facility and time constraints.

\*Games will be played 15-30-40-Game. No ad scoring.

\*Players must know enough about Tennis to be able to keep their own score. Disputes will be settled with "Rock, Paper, Scissors, or from a parent spectator that is monitoring the match. Regardless of whether players or parents are keeping score (we prefer players), it is common courtesy to regularly call out the score so that all are of one accord.

\*Winners in each division will receive gold medals. Runner-ups will receive silver medals.
